

AMENDMENTS TO THE DECLARATION COMMISSION Member Expectations and Guidelines

Chairperson: Casheema Omowabi

The commission will:

1. Thoroughly review the current bylaws and declarations to pinpoint needed improvements.
2. Consult with homeowners to discuss findings and collect feedback, including innovative ideas to boost awareness and participation in order to secure the 67% approval needed for meaningful changes.
3. Once approved by the board and attorneys, the board will present the amendments to homeowners for a final vote.
4. Actively engage in community events and other activities to promote voting and boost awareness and participation.

The commission is seeking 5 to 8 active members to meet biweekly. Given the significant effort required to review the association's CC&R's, regular biweekly meetings will be essential. An email thread will be established for smooth communication among members. Ideal candidates should possess strong written comprehension, excellent communication skills, and effective problem-solving abilities.
